

Teacher Lina

Building fitness in a fun way, incorporating learning concepts and knowledge.

Our fun-loving Teacher Lina conducts our De Kinder Club Zumba classes. Her dream is to incorporate learning concepts into Zumba classes, so children not only build fitness in a fun way, preschool learning concepts and knowledge about the world and cultures are also incorporated. Teacher Lina has years of experience conducting Zumba events and classes for preschools and Primary schools, and her classes are always very well received by parents, teachers and most importantly the children!
